TOUCH 'N' HOLD.

FINGER-TIP WRENCHES

Saves Time Cuts Cost

1. Will PICK UP and HOLD nut from assembly bench with ONE FINGER. No fumbling, just a TOUCH and the nut HOLDS!!
2. Allows ACCESSIBILITY in hidden or BLIND areas,
3. Patented design will NOT ALLOW NUT TO FALL, yet nut is released with NO EFFORT!!
4. Worn like a ring, this tool eliminates the need to keep LOOKING for and REACHING for the proper wrench, yet user is NOT HAMPERED.

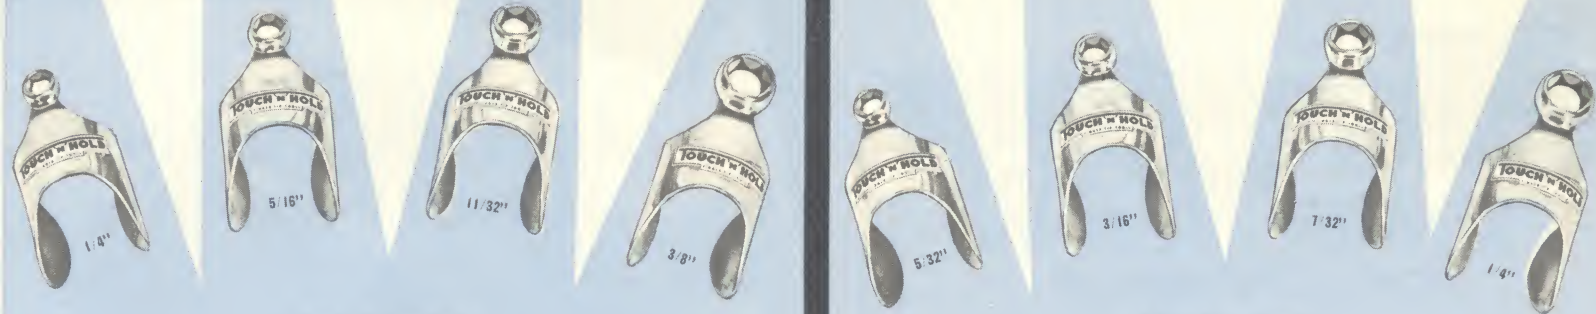

WIDE FIELD OF OPERATION

Especially useful around electronics and anywhere Hexagon Nuts and Bolts are used.

A must for any Mechanic or Hobbyist.
